MEMORANDUM

July 21, 2023

To: All State Agencies

From: Purchasing Division, Department of Administration

Subject: Security & Fire Protection Services

In coordination with National Association of State Procurement Officials (NASPO) ValuePoint, the Purchasing Division has awarded new statewide contracts for Security & Fire Protection Services, encompassing 16 different related scopes of work. Executive branch agencies are required to use these contracts for all in-scope services, and other governmental entities can use them on a voluntary basis. The list of awarded vendors and instructions for contract use are available on the Purchasing Division website on the statewide contracts page (<https://purchasing.nv.gov/Contracts/Contracts/>). All using agencies must transition ongoing services to the new contracts, and use of professional services requires a BOE/Clerk approved service agreement.

Three vendors who are current contract holders were not awarded a follow-on contract from the new solicitation: PowerComm Solutions, Inc.; RFI Communications & Security; and Securitas Technology Corporation. Any using agencies currently receiving services from one of these vendors will need to immediately begin the process of contacting awarded vendors about transition of services.

The current statewide contracts expire July 31, 2023.

If you have any questions or need assistance, please contact Nancy Feser, Purchasing Officer directly at nfeser@admin.nv.gov.
